JOSIN JOSEPH

AI & Data Science Engineer

Kasaragod, Kerala, India | josinjoseph232005@gmail.com | GitHub | LinkedIn

EDUCATION

B.Tech, Artificial Intelligence and Data Science Engineering
Vimal Jyothi Engineering College, Kannur (APJ Abdul Kalam Technological University)
Expected Graduation: 2027
CGPA: 8.17 / 10

Higher Secondary Education (Class XII) *2021 - 2023*
Holy Family Higher Secondary School, Rajapuram, Kerala State Board
Percentage: 93%

Secondary Education (Class X) *2020 – 2021*
Holy Family Higher Secondary School Rajapuram, Kerala Board of Public Examinations
Percentage: 100%

TECHNICAL SKILLS

Programming Languages: Python, C, R, SQL, HTML
Machine Learning & Deep Learning: Scikit-learn, XGBoost, Regression, Classification, Convolutional Neural Networks, Retrieval-Augmented Generation, Model Evaluation
Data Science & Analysis: NumPy, Pandas, Matplotlib, Statistical Modeling, Data Visualization, Exploratory Data Analysis
Tools & Platforms: Git, GitHub, MySQL, VS Code, Jupyter Lab, Google Colab

PROJECTS

Doctor Helper: AI Powered Clinical Decision Support System

- Developed a full-stack EMR and clinical decision support platform using Django REST Framework, React, and PostgreSQL
- Trained an XGBoost model on 246,926 patient records to predict 754 diseases from 377 symptoms, reaching 83.75% accuracy
- Deployed a Retrieval-Augmented Generation medical assistant with Llama 3, FAISS, and Sentence Transformers across 773 knowledge documents

CIFAR-10 Image Classification: Convolutional Neural Network

- Architected a deep CNN in TensorFlow/Keras for 10-class image classification
- Integrated Conv2D, BatchNormalization, MaxPooling, and Dropout layers to curb overfitting
- Attained 80.85% training accuracy and 76.73% validation accuracy across evaluation runs

INTERNSHIP EXPERIENCE

Data Science Intern, EdiGlobe*2 Months*

- Completed hands-on training in statistical modeling, machine learning workflows, and applied data analysis
- Leveraged Python-based tools to clean, explore, and interpret real-world datasets

CERTIFICATIONS

- IBM SkillsBuild x CSRBOX: Decoding Data, Insights and Impact through Analytics (Jul to Aug 2025)
- Value Added Course in System Designing Using Arduino – Neovent Innovations (30 Hours),(september 2024)
- Rajya Puraskar – Scouts & Guides (2020)

LEADERSHIP & INVOLVEMENT

IEEE CRFID Kerala Section: Malabar Hub Representative

- Coordinated cross-institution student initiatives and represented the hub at IEEE regional activities

IEEE Student Branch, VJEC: Webmaster & Content Writer

- Maintained the chapter website and authored technical content promoting branch activities

Languages: English, Malayalam, Hindi
